Keynote Speaker:

Colleen Byrne, BN RN PMP – Manager, Domain Expertise Group, McKesson Provider Technologies

Graduating from UNB in 1981 with Bachelor in Nursing, Colleen relocated to Halifax and began work as a staff nurse at the Halifax Infirmary. Through the next 16 years she worked on adult surgical and acute care units. Colleen was also an instructor at the Infirmary School of Nursing, one of her more memorable positions.

In the mid 1990's, she accepted a position in Nursing Informatics at Capital Health and eventually in 2002, moved to McKesson where she is today. Throughout her career Colleen has always recognized the role technology should play in promotion of clinical practice, support development of standards of care and insure realization of predictable outcomes.

Colleen now works with clinical leadership teams, developing and then executing on strategies that will support quality and clinical performance in a complex care delivery environment.

A conference for

Nurses in all care settings, student nurses and other Health Care Providers.

Atlantic Nursing Informatics Conference October 27nd & 28rd, 2011

NURSES EMBRACING CHANGE IN AN ELECTRONIC WORLD

**Bethune Building
1276 South Park St,
Halifax, Nova Scotia**

**Presented by the
Nova Scotia Nursing
Informatics Group**

www.nsnig.ca

Conference Objectives:

1. To provide perspectives on local and national electronic health record implementations
2. To gain an understanding of best practices to protect patient's privacy
3. To identify strategies to manage change
4. To provide an overview of medication reconciliation initiatives
5. To participate in Nursing Informatics Journal Club.
